

- A map of the extended tram network which highlights some of the key stops and how the cross-city routes will operate.
- Estimated journey times for key stops on the network.
- Information about some of the types of tickets and concessionary passes which will be available on the extended tram network.
- Information about the NET Park & Ride sites, and the Citycard Cycle Hubs available at selected sites.

NETWORK ROUTE MAP

Delivering a world-class tram network for Greater Nottingham

The project to extend Nottingham's tram service to the south and south west of the city to Chilwell via the QMC and Beeston and Clifton via Wilford (known as NET Phase Two) is nearing completion.

Nottingham's tram network to 32km, provide a further 28 tram stops, and an additional 22 new-style tram vehicles are being added to our existing fleet to serve further large parts of the conurbation such as Clifton and Beeston, key employment sites, The University of Nottingham, Queen's Medical Centre, and junctions 24 and 25 of the M1.

Offering quick, reliable, cross-city services, the extended tram network will operate every 7.5 minutes throughout most of the day (every 3.45 mins in the city section), with services operating between Hucknall and Toton Lane (via Bulwell, Nottingham Old Market Square, The Forest P&R, Wilkinson Street P&R, Beeston and Clifton Centre, and Phoenix Park and Clifton South (via Nottingham city centre, Wilford and Clifton).

Excellent transport interchanges will be offered at Nottingham Station, where a brand new tram stop is being integrated into the redeveloped station facilities. In Beeston Town Centre, where a new bus / tram station is being built, and in Clifton too. While two new tram Park & Ride sites are being installed on Toton Lane, close to junction 25 of the M1, and Clifton South, close to junction 24 of the M1.

Below are some estimated journey times for key stops on the Hucknall to Toton Lane route.

Hucknall to Toton Lane Route		TO

OUR FARES

PAY WITH CASH ON THE DAY
You can buy tram tickets on the day of travel at one of our ticket machines at all stops using cash or credit/debit card. We sell single and day tickets for adults and children, and group day tickets for your family trip out.

TRAVEL EVERY DAY – PAY UPFRONT WITH SEASON TICKETS

Our range of season tickets offer fantastic value for frequent travellers. You get unlimited travel every day of the week with no time restrictions. The more you use the tram the more money you will save, perfect for people who travel every day.

Also available for 7 days, 1, 3, 6 and 12 months.

Buy online, using your mobile phone or at our Travel Centre. You can also buy the 7 day ticket from the ticket machines.

It's even easier to use MANGO on Nottingham's trams, now you can buy and top up cards at tram stop ticket machines. MANGO is the tram network's best value travel option.

For more information please visit www.thetram.net/mango

Hop on and off any tram, bus or train around Nottingham as much as you like

A day's unlimited travel on tram, train and bus - just buy from the ticket machine. Kangaroo season tickets also available from Nottingham City Council at their shop in Broadmarsh Bus Station. Check kangaroo.co.uk for full validity.

CONCESSIONARY PASSES

If you have a concessionary pass issued by Nottingham City Council or Nottinghamshire County Council you can travel for free on the tram. Time restrictions apply on both cards (Before 9:30am and after 11pm.) If you are registered disabled you can travel free on the tram, but some restrictions may apply, please check with your card issuer. Please touch on your pass at the validator before you board the tram.

NET will:

Make Nottingham one of the best integrated public transport networks in the country

Serve 20 of the 30 largest employers in Greater Nottingham

Carry up to 23 million passengers a year

Provide access to more than 1,270 city workplaces

Help to boost the local economy by up to £300 million a year

Be key in the creation of up to 8,000 local jobs

Provide 5,400 tram-based parking spaces at seven park and ride sites

Provide 16 services per hour in each direction on the city centre section

Provide new ticket machines at tram stops and new trams designed to carry up to 200 people

Support the transformation of Beeston town centre and Clifton

Create new areas of open space for the public to enjoy

Extending your Tram Service

OPENING SOON for Wilford, Clifton, Beeston and Chilwell

www.thetram.net/phasewtwo

As the NET project gears up for opening, there are some things to consider to stay safe around the tramway...

- **Cycling** along roads with trams can be perfectly safe, but it's important to take extra care to avoid getting into any difficulties:
 - Where possible, always use designated cycle routes and crossing points
 - Only cross the tram tracks if absolutely necessary
 - If you do need to cross the tracks, prepare to cross in advance and check behind you early enough to ensure your manoeuvre is not rushed
 - Always cross the tracks at a wide angle, preferably at 90 degrees, to stop your wheels from getting stuck in the grooves
 - Try to avoid sudden movements, such as braking or quickly changing your direction while crossing the tracks
 - When cycling alongside the tramway take care to keep clear of the rails as they can be slippery
 - Always make other road users aware of your intentions by using appropriate hand signals
 - If in doubt, get off your bike and cross the tramway on foot.

Cycle Facilities at (or near) tram stops	🚰	🚰
Hucknall	✓	✓

Nottingham Trent University	✓	✓
Royal Centre	✓	✓
Old Market Square	✓	✓
Lace Market	✓	✓
Nottm Station	✓	✓
Toton Lane	✓	✓
Clifton South	✓	✓

Overhead power lines have been installed ready for the launch of full services on the expanded network. The wires are suspended from masts above the tracks and will only pose a danger when touched, or if something is placed against them. It is important to treat the power lines as 'live' at all times, and to never climb on anything close to the power lines or dangle anything near to them.

Citycard Cycle Hub facilities will be available soon at the Toton Lane and Clifton South Park & Ride sites, and are already available at:

- Bulwell
- Hucknall
- Phoenix Park
- Wilkinson Street
- Nottingham Station

Citycard Cycle Hubs feature:

- 24 hour access
- Covered parking for any bicycle
- Secure swipe access with registered Citycard
- Security lighting
- CCTV

You can also continue your daily commute using Citycard Cycle hire or bike racks from Cycle Hubs around the city centre. For more information about Citycard Cycle Hire and Cycle Hubs visit www.citycardcycles.co.uk

Citycard Cycles are also available for hire via mobile phone

Cycle Hubs are accessed by using a Citycard
